§ 1.919

signed under oath. Willful false statements made therein, however, are punishable by fine and imprisonment, 18 U.S.C. 1001, and by appropriate administrative sanctions, including revocation of station license pursuant to 312(a)(1) of the Communications Act of 1934, as amended.

(d) "Signed," as used in this section,

(d) "Signed," as used in this section, means, for manually filed applications only, an original hand-written signature or, for electronically filed applications only, an electronic signature. An electronic signature shall consist of the name of the applicant transmitted electronically via ULS and entered on the application as a signature.

§1.919 Ownership information.

(a) Applicants or licensees in Wireless Radio Services that are subject to the ownership reporting requirements of §1.2112(a) of this part shall use FCC Form 602 to provide all ownership information required by this chapter.

- (b) Any applicant or licensee that is subject to the ownership reporting requirements of §1.2112(a) of this part shall file an FCC Form 602, or file an updated form if the ownership information on a previously filed FCC Form 602 is not current, at the time it submits:
- (1) An initial application for authorization (FCC Form 601);
- (2) An application for license renewal (FCC Form 601);
- (3) An application for assignment of authorization or transfer of control (FCC Form 603); or
- (4) A notification of consummation of a *pro forma* assignment of authorization or transfer of control (FCC Form 603) under the Commission's forbearance procedures (see §1.948(c)) of this part).
- (c) A single FCC Form 602 may be associated with multiple applications filed by the same applicant or licensee. If an applicant or licensee already has a current FCC Form 602 on file when it files an initial application, renewal application, application for assignment or transfer of control, or notification of a pro forma assignment or transfer, it may certify that it has a current FCC Form 602 on file.
- (d) No filing fee is required to submit or update FCC Form 602.

(e) Applicants or licensees in Wireless Radio Services that are not subject to the ownership reporting requirements of §1.2112(a) of this part are not required to file FCC Form 602. However, such applicants and licensees may be required by the rules applicable to such services to disclose the real party (or parties) in interest to the application, including (as required) a complete disclosure of the identity and relationship of those persons or entities directly or indirectly owning or controlling (or both) the applicant or licensee.

§ 1.923 Content of applications.

- (a) General. Applications must contain all information requested on the applicable form and any additional information required by the rules in this chapter and any rules pertaining to the specific service for which the application is filed.
- (b) Reference to material on file. Questions on application forms that call for specific technical data, or that can be answered yes or no or with another short answer, must be answered on the form. Otherwise, if documents, exhibits, or other lengthy showings already on file with the FCC contain information required in an application, the application may incorporate such information by reference, provided that:
- (1) The referenced information has been filed in ULS or, if manually filed outside of ULS, the information comprises more than one " $8\frac{1}{2} \times 11$ " page.
- (2) The referenced information is current and accurate in all material respects; and
- (3) The application states specifically where the referenced information can actually be found, including:
- (i) The station call sign or application file number and its location if the reference is to station files or previously filed applications;
- (ii) The title of the proceeding, the docket number, and any legal citations, if the reference is to a docketed proceeding.
- (c) Antenna locations. Applications for stations at fixed locations must describe each transmitting antenna site by its geographical coordinates and
